

REMARKS

In response to the Restriction Requirement and Species Election Requirement dated April 2, 2007, applicants elect **Group II** for examination at this time. Claims 1-153 and 173-240 are canceled without prejudice to the filing of any divisional, continuation, or continuation-in-part application. Claim 154 is amended herein. Claims 241-249 are new. Claims 154-172 and 241-249 are currently pending.

In addition, applicants hereby elect the following species with regard to the five components identified by the Examiner:

- (1) A synthetic polymer chosen from:
 - (c) Activated groups as recited in claim 26
- (2) An activated group chosen from:
 - (c) Electrophilic site
- (3) A formula (polymer backbone)-(Q-Y)_n, wherein Q is a linking group comprising G(CH₂)_n and G is chosen from:
 - (a) Oxygen
- (4) A formula (polymer backbone)-(D-Q-Y)_n, wherein D is a biodegradable group chosen from:
 - (d) Poly (alpha-hydroxy acid)
- (5) A composition comprising a drug, wherein the drug is a chosen from: a cell cycle inhibitor.

Claim 154 is amended to correct a typographical error. New claims 241-249 are added to further define the composition used in the elected method claims. Support for the new claims can be found, for example, in original claims 15-16, 26, 37, 46-48, 53, 54, 57, 78 and 81-82. Applicants have taken into consideration the five components identified by the Examiner in the Species Election requirement when adding new claims 241-249. Accordingly, only one species is recited in each of the new claims.

Claims 154-172 and 241-247 read on the elected species. Applicants reserve the right to rejoin all combinations of the particular elected subcombination of species once the elected subject matter is found allowable.

Consideration of claims 154-172 and 241-249 is now requested.

Respectfully submitted,
